Education

VIRTUAL UNIVERSITY OF PAKISTAN <i>Bachelor of Science in Computer Science</i>	Faisalabad , pakistan 2023 - 2027
IMAN COLLEGE <i>Intermediate In Computer Science</i>	Faisalabad , Pakistan 2021 - 2022

Professional Experience

AMAL ACADEMY <i>Career-Prep Fellow</i>	Faisalabad, Pakistan Aug 2025 – Oct 2025
--	--

- Strengthened analytical skills by solving real-world challenges.
- Researched student wellbeing through 4500+ interviews, identifying education system gaps.

CORVIT SYSTEMS FAISALABAD <i>Full-Stack Development Intern</i>	Faisalabad, Pakistan Jan 2025 – Jun 2025
--	--

- Build full-stack web applications using React.js, Node.js, and Express.js, with clean UI design and efficient backend development.
- Serve as a Lab Attendant and Intern at **NAVTTTC**, supporting technical training, managing system setups, and gaining hands-on experience in real-world development environments.

COGNIFYZ TECHNOLOGIES <i>Frontend Development Intern</i>	UK, Remote Oct 2024 – Nov 2024
--	--

- Developed and optimized user interfaces using React.js, enhancing UI/UX for various web applications.
- Built reusable components to improve code efficiency and maintainability across projects.
- Collaborated with backend teams to integrate APIs and ensure smooth data flow in applications.

Imperiummedia Group <i>Freelance Full Stack Developer</i>	UK, Remote Oct 2025 – Nov 2025
---	--

- Created a dynamic AI-powered dashboard with real-time analytics and data visualization features.
- Collaborated closely with clients to gather requirements, plan UI/UX designs, and deliver customized solutions on time.

Social Monk Digital Agency <i>WordPress Developer</i>	Lahore, Pakistan (Remote) Jan 2026 – Mar 2026
---	---

- Developed and customized WordPress websites for clients using themes, plugins, and page builders.
- Managed website updates, content uploading, and basic SEO optimization.
- Worked closely with the development team to improve website performance and UI structure.
- Gained hands-on experience in responsive web design and client requirement handling.

Projects

<u>SkillBarter – Service Exchange Platform (MERN Stack)</u>	Aug 2025 – Sep 2025
--	----------------------------

- Designed and developed a full-stack web application where users can trade skills and services. Built with MongoDB, Express.js, React.js, and Node.js.
- The platform features user authentication, secure APIs, and dynamic dashboards, with a focus on responsive UI and seamless user experience.

TicketFlow – Multi-Vendor Support Ticket System (MERN Stack)

May 2026 – Aug 2026

- Designed and developed a full-stack, multi-tenant support ticket platform enabling multiple vendors to manage customer support with 4 role-based dashboards (Super Admin, Vendor, Staff, Customer).
- Implemented JWT-based authentication, real-time staff–customer chat using Socket.io, and automated email notifications (Nodemailer) on ticket resolution.
